 **9am-12pm**

 **Library Seminar hall**

IEEE SVCE STUDENT BRANCH INAUGURATION (2025-2026) - REPORT

The inauguration of the IEEE SVCE Student Branch was conducted with enthusiastic participation from students, office bearers, and faculty coordinators. The event commenced with an introductory address by Mr. Shriram, Social Media Executive, who formally welcomed the Chief Guest, Mr. Adithyan Manikandan, Dr. N. Kumaratharan, Head of the Department of Electronics and Communication Engineering, and Dr. Sudhakar K. Bharatan, Head of the Department of Electrical and Electronics Engineering, along with the faculty coordinators Ms. K. S. Pavithra, Ms. C. Gomatheeswari Preethika, Mr. N. Suresh, and the newly elected office bearers. To mark the auspicious beginning of the ceremony, a prayer song was rendered by Ms. Arthi and Ms. Siva Priya, creating an atmosphere of serenity and positivity. Following this, the dignitaries were invited onto the dais, and the proceedings were formally initiated.

Inaugural Welcome Address by the Treasury Executive

The welcome address was delivered by Ms. Sahana Babu, Treasury Executive, who extended greetings to the dignitaries and participants. The address expressed sincere gratitude to Dr. K. R. Santha, IEEE Counselor and Vice Principal, for her continuous motivation, timely guidance, and unwavering support, which played a crucial role in the successful organization of the event. The address further highlighted the vision of the IEEE SVCE Student Branch as a platform for collaboration, innovation, and technical excellence, and professional development among the student community. The inauguration ceremony was formally marked with the lighting of the Kuthuvilakku by the Chief Guest, Mr. Adithyan Manikandan, symbolizing the commencement of a new chapter of learning, leadership, and professional growth under the IEEE SVCE Student Branch.

Following the lighting of the Kuthuvilakku, the gathering was addressed by the distinguished Heads of the Departments. Dr. Sudhakar K. Bharatan, Head of the Department of Electrical and Electronics Engineering, began by emphasizing the importance of the IEEE SVCE Student Branch and its relevance to the institution. He explained how IEEE membership provides students with access to a vast network of resources such as technical publications, conferences, workshops, and international collaborations. He further highlighted that participation in IEEE activities would not only strengthen students' academic knowledge but also help them develop professional skills, leadership qualities, and industry readiness. Encouraging active involvement, he assured the students that this platform would contribute greatly to both their personal and professional growth.

Insightful Address by Dr. Sudhakar K. Bharatan

Following this, Dr. N. Kumaratharan, Head of the Department of Electronics and Communication Engineering, elaborated on the global significance of IEEE. He described it as the world's largest professional organization dedicated to advancing technology for the benefit of humanity. He stressed that establishing an IEEE Student Branch at SVCE would bridge the gap between classroom learning and global technological progress. By inspiring students to engage in research, innovation, and creative problem-solving, he noted that IEEE would broaden their perspectives and align their learning with global standards. His words motivated the audience to make the most of this opportunity and contribute actively towards building a vibrant technical community focused on learning, collaboration, and professional excellence.

Dr. N. Kumaratharan, Addressing the Gathering

As part of the inauguration, a formal badge presentation ceremony was conducted, during which the newly inducted members of the IEEE SVCE Student Branch received their badges. This ceremony symbolized their formal induction into the branch and marked the commencement of their journey as IEEE Office Bearers. The badge serves not only as a token of identity but also as a symbol of responsibility and pride, motivating students to actively engage in the branch's academic, technical, and professional initiatives.

Following the badge ceremony, a group photograph was taken with the Chief Guest, the Heads of Departments, the Faculty Coordinators, and the Office Bearers. This moment formally signified the inauguration of the IEEE SVCE Student Branch for the academic year 2025–2026 and provided a lasting record of the occasion.

The Chief Guest, Mr. Adithyan Manikandan, Manager at Hyundai Motors Ltd., was introduced by Ms.

K. S. Pavithra, Faculty Coordinator, Department of Electrical and Electronics Engineering. In her introduction, she highlighted his distinguished academic record and leadership roles, including serving as Vice President of the Student Council, Chair of the IEEE SVCE Student Branch, and President of AEEE, along with being a recipient of the prestigious Panicker Award. She further emphasized his notable professional accomplishments in the automotive sector, underscoring his career as an inspiration for the students of SVCE.

In his keynote address, Mr. Adithyan Manikandan reflected on his formative experiences at SVCE, sharing insights from his involvement in organizing advanced robotics workshops and mentoring peers through collaborative technical problem-solving. He further outlined his professional trajectory, beginning with roles in software development and data analytics, culminating in his current managerial position at Hyundai Motors Ltd. He also recounted his participation in international industrial visits, which provided him with invaluable exposure to global engineering practices and technological advancements, thereby offering students a broader perspective on industry expectations and opportunities.

Guest sharing industry insights and engaging the audience with PPT

A substantial segment of the lecture was dedicated to Electric Vehicles (EVs), wherein the Chief Guest provided a comprehensive explanation of their operational principles. He elaborated on the conversion of electrical energy into mechanical motion through electric motors, the critical role of batteries in storing and supplying energy efficiently, and the function of controllers in regulating motor performance and overall vehicle dynamics. Furthermore, he addressed the existing challenges in EV technology, including limitations in battery capacity, the inadequacy of charging infrastructure, and range constraints. By simplifying complex technical concepts into accessible terms, he ensured that students across diverse academic backgrounds could grasp the essential principles of EV design and functionality.

In continuation, he presented an in-depth discourse on Advanced Driver Assistance Systems (ADAS),

emphasizing its technological architecture, applications, and significance in contemporary automotive engineering. He detailed the integration of sensors, cameras, and control systems that enable advanced features such as lane keeping, collision avoidance, adaptive cruise control, and automated parking. Through this discussion, students gained valuable insight into the interdisciplinary nature of automotive innovation, where software engineering, electronics, and mechanical systems converge to create practical, industry-ready solutions.

The lecture effectively combined technical expertise, motivational guidance, and practical industry perspectives, leaving a profound impact on the audience. Students not only acquired a deeper understanding of emerging automotive technologies but also developed a renewed sense of motivation to innovate, embrace challenges, and pursue excellence with confidence.

Keynote Presentation by Mr. Adithyan Manikandan

As an expression of gratitude, the Faculty Coordinators, Ms. K. S. Pavithra and Ms. C. Gomatheeswari Preethika, presented a token of appreciation to the Chief Guest following his address. This gesture symbolized the institution's acknowledgment of his valuable contributions, the knowledge imparted, and the inspiration extended to the student community. The felicitation further underscored the importance of fostering collaborations between academia and industry, thereby bridging the gap between theoretical learning and practical applications while encouraging students to actively participate in professional and technical development initiatives.

Honoring the Chief Guest with a token of gratitude

The Vote of Thanks was delivered by Mr. T. R. Hemachander, Vice Chair, in his address, he expressed sincere gratitude to the Chief Guest for sharing his valuable perspectives and professional experiences. He extended appreciation to the HODs of the EEE and ECE departments and the faculty coordinators for their consistent support, acknowledged the organizing committee for their dedicated contributions, and commended the students for their active and enthusiastic involvement. His remarks underscored the spirit of collective effort that ensured the success of the inauguration.

The proceedings were officially brought to a close by Ms. Sai Raksheedha S, Joint Secretary. Concluding remarks marked the end of an intellectually stimulating and inspiring program, which will be remembered as a significant milestone in the legacy of SVCE.

Memento Presentation to the Chief Guest at the Inauguration Ceremony

Dr. Sudhakar K. Bharatan, Professor and Head of the Department of EEE, along with the Faculty Coordinators and Chair Ms. S. Sri Raja Rajeshwari, formally presented a memento to the Chief Guest. This gesture served as a symbolic expression of the institution's gratitude for his valuable presence and contributions. It also emphasized the importance of strengthening collaborations between academia and industry, inspiring students to translate theoretical knowledge into practical applications.

Beyond its ceremonial dimension, the inauguration of the IEEE SVCE Student Branch of the academic

year 2025-2026 reaffirmed the institution's commitment to fostering an environment that nurtures curiosity, technical competence, and global engagement. The branch has outlined plans to organize a range of initiatives, including workshops, technical lectures, paper presentations, hackathons, and industry partnerships, ensuring sustained opportunities for student development and innovation.

The event not only celebrated the commencement of the IEEE SVCE Student Branch for the academic

year 2025–2026 but also motivated students to envision their role in advancing technology for societal progress. With its successful inauguration, the branch now stands as a platform dedicated to innovation, collaboration, and academic excellence.

THE OFFICE BEARERS LIST FOR THE ACADEMIC YEAR 2025-26

S.No	Name	Year	Department	Designation
1	Sri Raja Rajeshwari S	IV	EEE	Chair
2	Jai Kishore D	IV	EEE	Secretary
3	Sanjay Kumar V	IV	EEE	Secretary
4	T R Hemachander	III	EEE	Vice Chair
5	Sai Raksheedha S	III	ECE	Joint Secretary
6	Bharathraj R	III	ECE	Joint Secretary
7	Nithish D R	IV	EEE	Event Head
8	Niranjane S M	IV	ECE	Treasurer
9	Sahana Babu	II	AIDS	Treasury Executive
10	Abrar	II	ECE	Treasury Executive
11	Dinesh Karthick L	III	IT	Webmaster
12	Janelle Rebecca J	III	EEE	Design Team Head
13	Shanthoshini V	II	BT	Design Executive
14	Vanishri P	II	CSE	Design Executive
15	Dharani D	III	EEE	Content Team Head
16	Arthi Balaji	III	CSE	Content Executive
17	Bhavana S	II	ECE	Content Executive
18	E Shriram	II	EEE	Social Media Executive
19	A Aadhithya Narayanan	II	ECE	Outreach Executive
20	Vikhashini S	II	CSE	Outreach Executive
21	Koushik Aditya V	III	EEE	Executive Member
22	Rohith Kanna S	III	ECE	Executive Member
23	V Raghav	II	CSE	Photography Lead
24	Sucilan J	II	EEE	Photography Executive

Respected Sir,

Subject: Request For advance amount to organize IEEE Student Branch Inauguration (2025-26) and Guest Lecture - Reg.

The IEEE student branch is planning the Inauguration for academic year 2025-26 on 12th August 2025. In this regard, the tentative budget for the event is mentioned below. We request the permission may be accorded for conducting the above program and sanction advance amount of Rs 8000, for expenditure.

Estimated Budget:

EXPENSES	AMOUNT
1. Chief Guest Honorarium	Rs. 3000
2. Refreshment	Rs. 800
3. Memento for Chief Guest	Rs. 500
4. Breakfast & Lunch	Rs. 540
5. Chief Guest Travel Expense	Rs. 2000
6. Printable and Office bearer Badges	Rs. 300
TOTAL	Rs. 7140
Estimated Budget	Rs 8000

Approved
